

HAND SELECTED GONGS AT GONGS UNLIMITED

We love gongs at Gongs Unlimited. We believe in the power of the gong. So, of course, we want to make sure that the gong you receive is one that you are going to love.

Whether you're buying a special spiritual healing gong, or getting a gong for your business to celebrate a big sale, or need a gong that is perfect for a gong show, or a wedding gift, or your restaurant... we want to make sure you get the perfect one! We even want to help you find the choice gong for those experiments with plate reverb in your parents' basement, which you've converted to a "music studio."

The Malleheads at Gongs Unlimited check all the gongs when they come in to make sure they are of the best quality. They are held under the microscope, next to a stethoscope, even listened to with an oscilloscope. This is all before any customer calls with a specific need or tuned note in mind.

But then, as soon as you contact us looking for the right gong that plays just the right way for you, we go into ultra-focused customer service mode. If you have special requests, be sure to let us know. Tell us about you and how you're planning on using the gong. We then will go through our inventory and hand-select the exact gong for you.

We know how hard it is to purchase a gong without being in front of it and listening yourself. That is the nature of how things are these days. Not enough people need gongs where we can have a Gongs Unlimited branch in each city, town and block. We are not Starbucks. And really, who wants to be a place that serves coffee that tastes like that?

But what we can do is go that extra kilometer for you. You tell us what you want and need, we are going to listen and find it. We will even make a video recording of specific gongs for you to compare.

It may take a day or two for us to get to it, when you have some special requests as far as tones and sounds, so your patience is appreciated. We do get busy here, but we're happy to hand select a gong to your needs. Every gong is unique and wonderful and we are happy to work with you.

If you think you know what you're looking for, if you need a hand-selected gong, feel free to send an email to us at info@gongs-unlimited.com or call (402) 474-GONG.
