Excellence in Digestive Health

12/6/2010

Hi Andrew,

I would say your gong was the hit of the party, but then that would probably cause you to go way up on your rental prices.

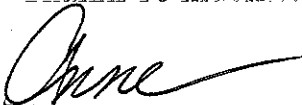

Needless to say, the audience was stunned when we uncovered the Gong and they realized what was going on. We were afraid some of them would cut out if they realized their performance was subject to the wrath of the panel of judges all wielding a mallet. Two of our doctors did a Blues Brothers act singing "I'm Dreaming of a Clean Colon" to the tune of White Christmas. It was too funny – especially as these are two of the most sedate of the 20 physicians.

Thank you so much for your assistance, your GONG and your business cards and bumper sticker. I can tell from all of those what a humorous person you must be. And I always appreciate being able to do business with someone with your personality.

We just finished packing up the gong for shipping, and it will go out tomorrow morning via FedEx Ground.

If you are ever in the Memphis area and feel the need for a colonoscopy, please give us a call.

Thanks so much!!!

Anne
